Aggregate Overview Footnotes

¹ Net Investment is the total value of contributions and withdrawals (excluding unsupervised assets) made by the client since the inception date of the account. This includes Misc. Expenses received from the custodian.

² Time Weighted Rate of Return (TWRR) is calculated net of all fees. Time Weighted Rate of Return (TWRR) is used to compare your portfolio returns versus benchmark indices (such as S&P 500). This report has been generated on the platform powered by Envestnet Asset Management, Inc. (the "Platform Manager"). If your report contains data from periods prior to the time your account was set up on the platform, that data was supplied by third-party sources and has not been independently verified by Platform Manager.

³ A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented. Yearly performance values (e.g. Trailing 3 Years) shown are from the specified period up to Sep 30, 2017. This report has been generated on the platform powered by Envestnet Asset Management, Inc. (the "Platform Manager"). If your report contains data from periods prior to the time your account was set up on the platform, that data was supplied by third-party sources and has not been independently verified by Platform Manager.

Performance by Manager Footnotes

² A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.

³ Trailing 1 Year indicates the period from Sep 30, 2016 to Sep 30, 2017.

Activity and Performance Summary Footnotes

- ¹ Net Investment is the total value of contributions and withdrawals (excluding unsupervised assets) made by the client since the inception date of the account. This includes Misc. Expenses received from the custodian.
- ² "Beginning Value": the account's value at the beginning of each period; "Contributions": the value of deposits from the client into the account for each period; "Withdrawals": withdrawals from the account for each period; "Capital Appreciation": all realized and unrealized changes in market value during the period; "Dividends": the amount of dividends received from stocks or mutual funds for each period; "Interest": the amount of interest received for each period; "Advisory Fees": the amount of advisory fees charged to the account for each period.
- ³ These figures compare the Time Weighted Rate of Return (TWRR) of your account with a benchmark index. "Mgr Bchmk" refers to a blend composed of 60% MSCI All Country World Index World(USD)(TRN), 40% Bloomberg Barclays Capital U.S. Aggregate Bond TR. A benchmark is an unmanaged index, and its performance does not include any advisory fees, transaction costs or other charges that may be incurred in connection with your investments and/or managed accounts listed. Any benchmark whose return is shown for comparison purposes may include different holdings, a different number of holdings, and a different degree of investment in individual securities, industries or economic sectors than the investments and/or investment accounts to which it is compared. Investors cannot invest directly into a benchmark or index. All portfolio returns for all periods are expressed in USD. All benchmark(s) returns reflect the same currency as the portfolio returns presented.
- ⁴ Time Weighted Rate of Return (TWRR) is calculated net of all fees. Time Weighted Rate of Return (TWRR) is used to compare your portfolio returns versus benchmark indices (such as S&P 500). This report has been generated on the platform powered by Envestnet Asset Management, Inc. (the "Platform Manager"). If your report contains data from periods prior to the time your account was set up on the platform, that data was supplied by third-party sources and has not been independently verified by Platform Manager.
- ⁵ Returns for greater than one year are annualized.
